

SOLEÓN

«*Complex and distinctive*»

With this wine we have used a coupage that is unknown in Spain, giving a result that is both complex and distinctive where Cabernet Franc is the protagonist.

Tasting note

A classic and elegant wine full of red fruit (cultivated and wild cherries), elegantly combined with soft floral notes provided by the Cabernet Franc and subtle spicy aromas provided by the Malbec. It's also balsamic and mineral making the wine very complex and attractive. On the palate it's persistent with a lot of tension, characteristic of the light touch given by the Petit Verdot.
