

CRISTINA

MALBEC

«A very special wine»

With the grape used for this pioneering Andalusian wine, we want to demonstrate the quality of our “mountain grown” Malbec that is both unique and very special.

Tasting Note

On the nose, it's an explosion of fresh fruit, such as blackcurrants and black raspberries, enveloped in floral notes of violets and a subtle hint of passion fruit. On the palate, the softness of the tannins stand out, There is vibrant juicy acidity with the wine showing a soft, elegant and persistent texture. With aeration, the wine opens up and demonstrates great complexity, minerality and intensity.
